2010 GOLF MEMBERSHIP FEES

BEAT THE HST

Starting in July of 2010 recreational fees including green fees and golf memberships will be subject to the Ontario Government's new harmonized sales tax of 13%. Up to this point, members are only charged 5% GST on their annual memberships. This will be an increase of 8% on your membership dues. It is however not quite that simple. As of May 1st all golf memberships will be subject to a pro-rated percentage of the HST, as the majority of the membership is deemed to take place after July 1st.

How do we beat the HST? Pay your 2010 membership before April 30th, and the entire 2010 membership fee will only be subject to 5% GST as it has in the past. We have therefore set our 2010 rate schedule to explain how and when the HST will be charged and what options you have as a member.

EARLY BIRD RATE

Until January 31st of 2010 all members will have the opportunity to purchase their 2010 golf membership at the 2009 membership rate. Membership must be paid in FULL to receive the early bird offer. Rates will not increase until February 1st.

PAYMENT OPTIONS

We are happy to announce that Credit Card payments will be accepted for your 2010 Golf Membership. We will also be offering 2 extended payment programs. The six month payment program will not be subject to the harmonized sales tax; however the 10 month program will be subject after July 1st. A \$25 administrative fee is charged to all payment plans, and payment arrangements must be verified prior to May 1st with all memberships, to entitle play.
